FURNITURE INDUSTRIES

School Furniture Catalog

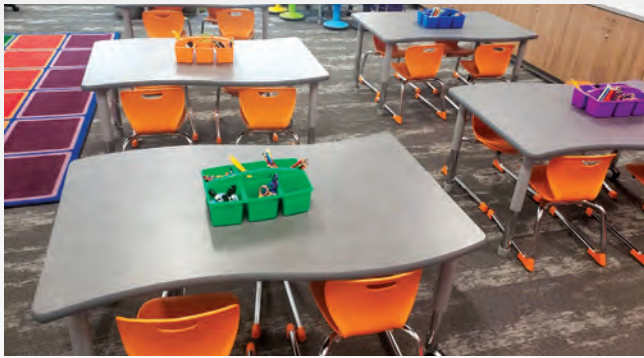

We Manufacture Quality **Classroom Furniture**

Excellent Design, Durability, Service and Pricing

Promise & **Philosophy**

Our Promise: To exceed your expectations in innovative classroom furniture by personally and helpfully servicing your every need promptly in a true relationship-based association.

Our philosophy: To provide what we promise, when we promise, at a competitive price.

We Design **Innovative Products**

Making you look good makes us proud. Design, safety, utility, comfort, stability, and durability are just the start. Colors, shapes, sizes, finishes, gliding or immobile - the choices abound.

From prestigious public schools to new charter schools, students, teachers and administration are delighted with Academia's quality and versatility. Let's see how good we can make you look.

Environmentally **Conscious**

Earning 100% compliance with the most stringent standards by recognized independent testing agencies, Academia goes further by reducing our environmental footprint and constantly testing to ensure that all products are classroom-safe and kid-friendly (MAS Certified Green and LEED compliant)

15-Year **Warranty**

Academia Furniture Industries offers the original user a limited fifteen-year warranty against all manufacturing defects in material and workmanship from date of purchase.

Inspiration Series – School Chair

688 - Cantilever Chair

Flex of Back

Underseat Rivets

Carry Handle

Back with Ribs

DESIGN

This design incorporates the latest looks, trends and colors to enhance any modern classroom environment. Stackable to eight chairs high.

COMFORT

The dual curves and flex action of the back provide exceptional support.

STRENGTH

16-gauge steel mated to strong, yet flexible polypropylene plastic shells, capped off with self-adjusting glides with nylon inserts.

BENEFITS

From the built-in carry handle, to the chrome-plated steel to the color-coordinated boots, these chairs truly are an Inspiration.

SCHOOL SEATING

Classic Series – School Chair

128 - 18" Classic Chair

Steel Back Supports

Waterfall Edge Front

Full-Contact Welds

14-Gauge Underseat Steel

COMFORT

Our classic school chair offers a waterfall seat with a curved back, supporting students of all sizes.

DESIGN

In any classroom old or new, our curved seat and vented back offer a timeless design.

BENEFITS

Heaviest polypropylene shell, 1½" round, 18-gauge chrome-plated steel (1" round for 12" and 14" chairs), available in five sizes. Self-adjusting, nickel-plated glides with nylon inserts.

STRENGTH

Side by side tubular steel back supports, seatback ribs and 14-gauge underseat brackets.

SCHOOL SEATING

Hard Plastic Series – School Chair

518 - 18" Hard Plastic Chair

COMFORT

The contoured seat is shaped to follow natural body lines while the back is designed to support your students where they need it.

BENEFITS

The gooseneck-shaped chair back is designed for optimal back support and for secure upside-down stacking on desks.

STRENGTH

The 14-gauge steel back support (16-gauge on the 10", 12" and 14") and 16-gauge steel legs mated to $\frac{3}{8}$ " thick hard-plastic seat and back make this our strongest chair available.

DESIGN

This traditional design has been a staple of classrooms nationwide for more than 40 years. Designed to be stacked up to five chairs high for easy storage.

Hard Plastic Series – School Chair

Educational Series – Lab Stool

4518A - Hard-Plastic Stool

Welds at Foot Ring

Welded Steel Frame and Plate

STRENGTH

The 13" diameter hard-plastic seats are screwed to large underseat plates which are welded to the frame for years of secure seating.

BENEFITS

Designed for environments such as science labs, kitchens and art rooms, their strength, stability and easy-clean surface make them a perfect fit.

DESIGN

Our current design features a wider footprint for added stability.

COMFORT

Students are sure to find a comfortable position since these stools are available with fixed or adjustable height legs.

Squircle® – Active Seating Stool

SQ-18 - Active Seating Stool

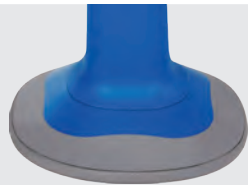

Waterfall Edge Seat
Doubles as Grab Handle

Rubber Base Shaped
to Wobble

Comfortable Foam Center

Rubber Overmold for
Nonslip Surface

STRENGTH

Rubber base shaped to wobble, not topple. Ensures feet rest firmly on chair. Nonslip protection for any weight- both for students and adults.

BENEFITS

Waterfall edge seat doubles as grab handle; lightweight for easy mobility; soft, durable foam seat; created to relieve muscles from hours of sitting.

DESIGN

The Squircle® allows students to safely release energy with a unique dome base angled to sway securely in every direction.

VERSATILITY

Appealing addition to any learning environment: desks, tables, reading or lounge areas. 13 color options and 3 height options: 13, 15 and 18 inches.

Petal Series – School Desk
Surge Series – School Desk
Dura Series – Adam Table

S4 Stacking Series – School Desk

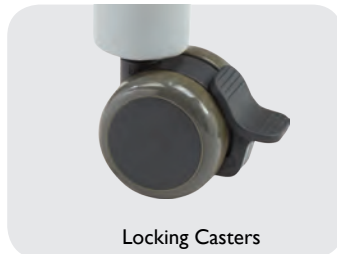

4429 - S4 Student Desk

Concave and Convex Sides

Fully Unitized Frame

Locking Casters

VERSATILITY

Stacks 4 high with locking casters and glides for quick rearranging or clean-up. Students, teachers and maintenance staff can easily move the space-saving stacks.

BENEFITS

Extra large work surface allows 2 students to share one desk or combine 2 (no gap!) facing each other both ways.

DESIGN

Concave and Convex sides offer various configurations for collaborative work study. Arched row of 8 provides full visibility for panels and presenters.

STRENGTH

Fully unitized frame guarantees years of strong usage. High Pressure Laminate surface (6 standard colors or hundreds of HPL custom colors for desktop, 13 edge band colors).

Surge Series – School Desk

1626 - **Surge Desk**
(Shown with custom laminate Wilsonart Flamingo #D497, optional Casters, Cup Holder and Mesh Bookbox)

Optional Mesh Bookbox

Newly & Improved Pneumatic Lift Mechanism

VERSATILITY

State-of-the-art adaptability maximizes attentiveness by letting students sit or stand with the same desk!

DESIGN

Safety lever (no pinching!) gives wide range of sitting and standing options. Larger desktop suits teacher, too. Basket optional.

BENEFITS

Use with any chair. Wide choice of finishes and colors. Choose glides or casters.

STRENGTH

Fully welded steel frame strapping and strong, yet surprisingly sleek. Angled to insure absolute stability, even at full height.

Optional Backpack Hook

Caster and Glide Compatible

2729 - Fixed Height V2 Desk
(Shown with custom laminate Wilsonart Ocean #D502, optional Backpack Hook, Casters, Mesh Bookbox & Modesty Panel)

Underside with Crossbar

Optional Back Pack Hook

Adjustable Height

COMFORT

The wide frame design gives students extra leg room and the legs are height-adjustable for use in any grade.

DESIGN

The soft interlocking leg supports the dual legs on either side makes this desk the design of the future.

BENEFITS

The 500+ square inch desktop is designed to give the students plenty of room for their books and their laptop.

STRENGTH

The unitized frame design means that the desk is held together by steel tubing; not by the bookbox.

TRADITIONALLY MODERN

Standard Series – School Desk with Plastic Bookbox

I100JEE2 - Adjustable Height Standard Desk with U-Brace

(Shown with custom laminate Formica Ashen Ribbonwood #8839)

COMFORT

With its adjustable height and choice of desktops, this desk is sure to enable every student to work comfortably.

DESIGN

This tried-and-true design now features two self-locking screws on each adjustable leg.

BENEFITS

A plastic bookbox is as strong and long-lasting as steel yet it is quieter, lighter, rust proof and doesn't have sharp edges.

STRENGTH

The unitized frame design means that this desk is held together by steel tubing and braces; not by the bookbox. Make this desk even stronger with an optional U-brace.

TRADITIONALLY MODERN

Standard Series – School Desk with Metal Bookbox

1250 - Fixed Height Standard Desk
(Shown with custom laminates
Wilsonart Ocean #D502)

COMFORT

With its adjustable height and choice of desktops, this desk is sure to enable every student to work comfortably.

DESIGN

This tried-and-true design now features two self-locking screws on each adjustable leg.

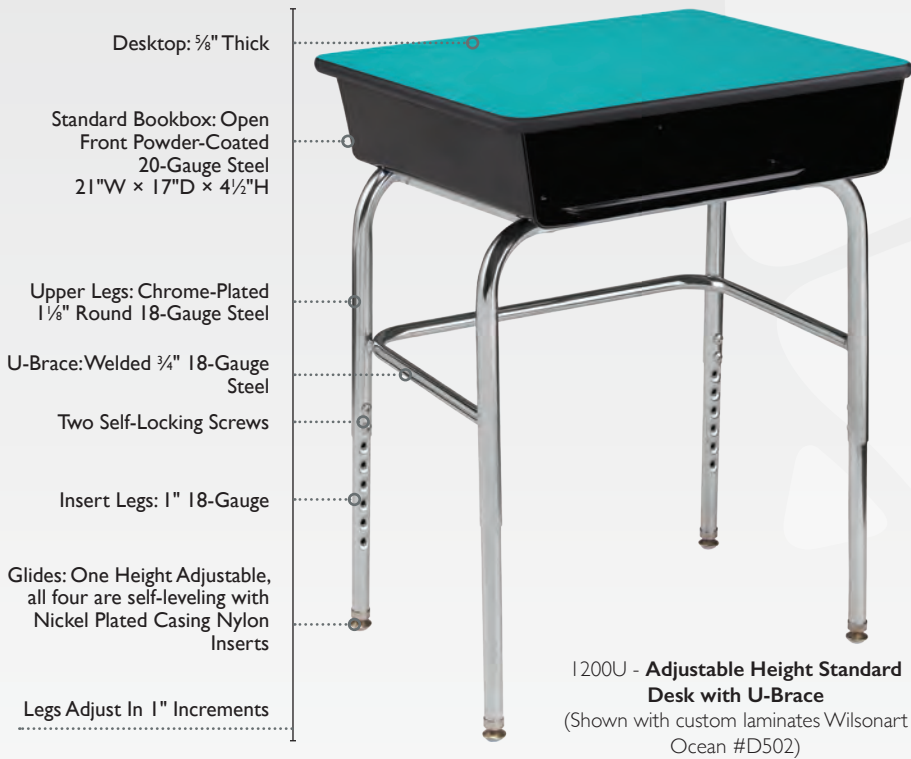

BENEFITS

The steel bookbox with built-in pencil tray has ample room for a student's books.

STRENGTH

The unitized frame design means that this desk is held together by steel tubing and braces; not by the bookbox. Make this desk even stronger with an optional U-brace.

Welds

Adjustable and
Fixed Height
Available

VERSATILITY

Adjustable-height legs for student comfort, bookboxes can face either direction for any classroom layout.

BOOKBOXES

Sturdy 18-gauge bookboxes are roomy enough to hold everything a student needs, and strong enough to keep it secure. Rolled edges protect student and add strength.

BENEFITS

Get twice the learning. Students can work together or independently.

STRENGTH

The unitized frame is self-supporting, meaning that the table is held together by heavy-gauge steel, not by the top.

Double Desks

- Desktop: 1/8" Thick High-Pressure Laminate With Edge-Banding
- Stretcher Bar: 16-Gauge Powder-Coated Rectangular Tube Welded 1/8"W x 2 1/8"D

Unity Study – School Combo Desk

COMBO DESK

Unity Study – School Combo Desk

2958C - 18" Unity Study Combo Desk
(Shown with custom laminate Formica
Weathered Beamwood #6410)

DESIGN

Curvy and comfy, this student combo features locking casters, roomy and accessible book storage under seat, and a unique design for collaborative work study.

VERSATILITY

Move it where you need it, easily arrange 2 or more students to work together. Simply slide back to solo work when group project is done.

BENEFITS

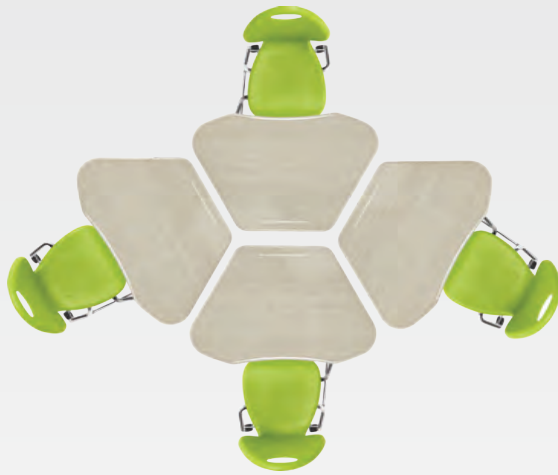

Sitting on the chair locks casters into place securely. Efficiently re-group students as needed with one-handed ease.

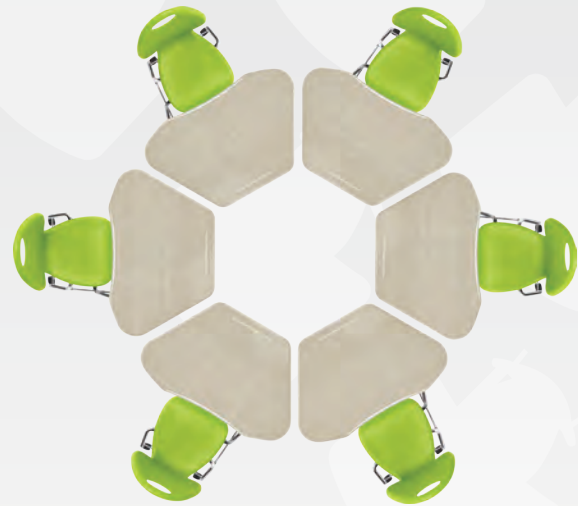

STRENGTH

Long-lasting, will never tip or slide once secured. Desk surface is hard plastic or laminate meant to stand up to years of wear.

Classic waterfall edge seat with curved, vented back and unobstructed legroom add up to classic comfort.

DESIGN

In any classroom old or new, our curved seat and vented back offer a timeless design. 400+ square inch desktop.

BENEFITS

The one-piece design combo desk, with built-in bookbasket and pencil groove will keep your students happy and the classroom neat.

STRENGTH

Side-by-side tubular steel back supports, seatback ribs and 14-gauge underseat brackets combine with an angled side-brace for added stability.

Nate Series – Teacher Station

PATENTED

Demo Video Available
Search: Academia Furniture Nate

TSPM-2468 - Nate Teacher Station
with Mobile Podium
(Shown with a custom laminate Formica Myriad
Ribbonwood #863)

DESIGN

Stunningly sleek, this magnificent teacher's desk has raised the bar of beauty, innovation and adaptability in the industry.

BENEFITS

Roomy, locking storage and file drawers. Special casters allow return to swing in or out with ease. Modesty panel for teacher comfort.

VERSATILITY

With a unique built-in podium, a simple pull of a lever can raise, lower or tilt lectern as needed. Retractable return allows for almost twice the desktop space, disappears when not needed.

STRENGTH

Enhancements include threaded inserts in table top, preset with steel into wood table top for years of long-lasting and unshakable wear.

Nate Series – Teacher Station

TEACHER DESK

Nate Series – Teacher Desk

TS-3060 - Double Pedestal Desk

DESIGN

Stunningly sleek, this magnificent teacher's desk has raised the bar of beauty, innovation and adaptability in the industry.

BENEFITS

Roomy, locking storage and file drawers. Special casters allow return to swing in or out with ease. Modesty panel for teacher comfort.

VERSATILITY

With unique built-in inverted casters, the Nate Jr can be moved around the classroom to adapt to the ever changing teaching styles. The standard 6" overhang is great for teacher-student conferences.

STRENGTH

Thick gauges of steel, heavy-duty hardware and durable construction will ensure this desk will last for years of use.

Nate Series – Teacher Desk

CLASSROOM TABLE

Dura Series – Collaborative and Group Study Table

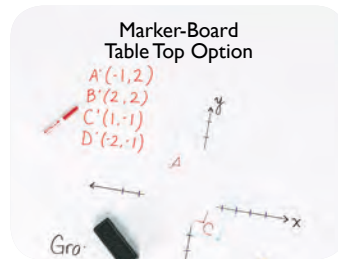

WLA-6060AD - Adjustable Height Adam Table
(Shown with custom laminate Formica Matrix Blue #8789)

Fixed and Adjustable Option

Fully Welded
Strong Unitized
Frame

Marker-Board
Table Top Option

STRENGTH

Steel apron (or frame) and legs welded into one solid unit, then gusseted to tabletop produce a table that withstands years of use with total “Dura-bility”.

VERSATILITY

Adjustable height legs allow both adults and little ones to feel at ease. Also available with fixed leg height.

DESIGN

As appealing as a cloud, the Adam table beckons students to find their place, grab a marker and start thinking with a smile. The Chad's straight end can seat the leader, adjoin a wall, or combine with other Chads.

BENEFITS

For 6 students (or 5 plus instructor), the Adam is the perfect collaborative companion to Mod cushioned seats. Students easily see each other for idea sharing. Chad holds 6 students plus teacher.

Dura Series – Collaborative and Group Study Table

WLA-6060FL - **Adjustable Standard Ht. Dura Table**
(Shown with standard laminate White Board)

WLA-2460EE - **Adjustable Standard Ht. Dura Table**
(Shown with Optional Casters)

CLASSROOM TABLE

Activity Series – Group-Study and Activity Table

AL-2448 - Rectangular Activity Table
(Shown with standard laminate Driftwood)

CONSTRUCTION

Made with 1 1/8" - thick fiberboard core and a high-pressure laminate top. Includes heavy-gauge steel legs with underside mounting brackets.

FLEXIBILITY

Powder-coated legs with chrome-plated inserts adjust in 1" increments to heights from 22" to 29" (toddler height 17" to 22") with two self-locking screws for safety.

EDGE BANDING

Whether selecting the standard black or gray edge banding, or choosing from the Educational Edge colors, the 3/4" bullnose resists chipping for years of use.

COLORS

Table surface available in your choice of five laminate options. Additional colors available upon request.

CLASSROOM TABLE

Demonstration Series – STEM Workstation

DWC42-5252 - **STEM Work Station**
(Shown with custom laminate Formica
Burnt Strand and Z58D - Drafting Stool)

Optional X-Strong Edge

STRENGTH

Strong laminate options, including custom Chem Res HPL, X-Strong Edge, etc. Locking casters secure position or glide for quick rearranging or clean-up.

DESIGN

Alternating concave and convex curves, this uniquely-shaped table maximizes leg room and workspace for today's hands-on learning.

VERSATILITY

Highly customizable with adjustable shelving, tote bins and power options. Wide array of color choices, easy and lightweight for mobility. Available in 30", 36" and 42" height options.

BENEFITS

Large, durable work surface accommodates 4 --sitting or standing -- for experiential education needs. Tote bins are compatible with Tote Bin Cabinet as well as desks and tables. Convenient for keeping supplies close by for immediate access.

Unitized Frame

One Hand Lever Mechanism

V2N Nesting Table Group w/ Modesty Panel

Close when not in use for more space!

COMFORT

The table can be used in any setting thanks to the legs which can be adjusted to heights from 26"-31".

DESIGN

The soft curves of the upper leg supports and dual legs on either side make this table the design of the future.

BENEFITS

The 1150+ square inch tabletop is designed to provide plenty of room for displays, keyboards, mouse and accessories.

STRENGTH

The unitized frame is self-supporting, meaning that the table is held together by heavy-gauge steel, not by the top.

CLASSROOM TABLE

C-Leg Series – Computer Table

CL-2448 - Computer Table
(Shown with custom Nevamar #WM0047 Tabletop
& optional Power Port)

DESIGN

This traditionally designed table now features a modern looking perforated modesty panel. The C-Legs offer excellent support with built-in wire management.

BENEFITS

Available in many widths and depths to accommodate varying numbers of students and a full array of computer equipment. Perforated modesty panel allows for improved airflow.

OPTIONS

To make the most of these tables, we've included grommets and choice of optional keyboard trays and computer holders.

Matching Options

T-Leg Desk
See page 36-37

TL-2460 - T-Leg Computer Table
(Shown with custom laminate Wilsonart Beigewood #7850, optional Grommets, Keyboard Trays and Wire Management Tray)

BENEFITS

These entry-level computer tables are designed to be durable yet inexpensive. Wide selection of widths, depths and surface colors.

DESIGN

Features a sturdy T-leg design which is secured by three self-locking screws and adjustable to heights from 22" to 33".

STRENGTH

The understructure is a unitized frame which makes these tables very sturdy. Larger-size tabletops include stretcher bars for added strength.

OPTIONS

Keyboard tray, computer holders and wire-management trays can be added to any table in this series.

Cushiony and cozy, the high density foam provides a welcome soft-seating change from traditional chairs.

STRENGTH

Unique steel peg, concealed casters slide effortlessly. Heavy plywood base makes the Mod® virtually un-tippable.

DESIGN

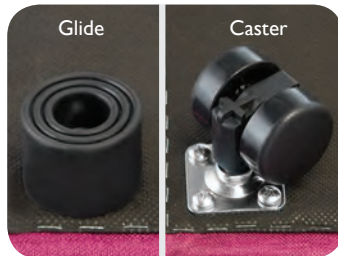

Vibrantly enhancing any room with inviting relaxation, the Mod® is available in three Momentum Textile grade choices, endless colors, including water-resistant, pen-resistant and antibacterial options.

VERSATILITY

With 8 shape and 2 height options, any room can become a haven of adaptability as Mod® options work individually as well as in limitless configurations.

Heavy Duty Total Lock Casters

Back View

VERSATILITY

Single and double sided options available, with casters for mobility as an option. Arrange to create seating nook, reading section, or double as room divider.

STRENGTH

Extra thick shelves and sides made to endure weight; won't sag. All shelves are fully adjustable with counter sunk holes for stability.

BENEFITS

Simple, strong and functional. Solid back. Industrial-grade steel frame on all mobile units.

DESIGN

Curved bookcases, single or double, can combine to create an "S", horseshoe, circle or semicircle shape. Pair with our Arc 6 Mod® for a comfy place to sit in a library, media center or classroom.

Study Carrel Series – Study Carrel

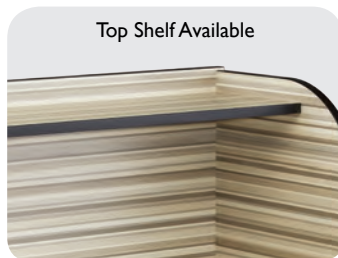

SCTL-3660 - **Quad Study Carrel**
(Shown with custom laminate Formica Ashen Ribbonwood 8839 & marker board laminate for work surface)

Stable T-Leg

Easy Assembly with Dowels

Top Shelf Available

BENEFITS

Dramatic improvements in students' focus and clarity by minimizing distractions. Students close enough for accurate supervision, yet separate enough to ensure individual achievement.

DESIGN

Available in units of 1, 2 or 4, the carrel boasts a virtually disturb-proof, compact configuration of soft, clean, sound-absorbing partitions between each amply-spaced desk.

STRENGTH

Sturdy 16-gauge steel on a heavy-duty frame features strong connective nuts and bolts. Adjusts to your height specs.

VERSATILITY

Triples as a secure testing environment, private study/reading area or distraction-free computer work module.

Unitized Frame

Storage Compartments

Locking Casters

 DESIGN

Double-sided unit boasts magnetic porcelain board, with marker trays on each side and four colorful, handy, removable bins.

 STRENGTH

Unlike flimsy easels, our super strong frame and durable wipe-off board will last for years to come.

 VERSATILITY

Four sure-locking casters take your easel anywhere, securely and easily.

 BENEFITS

Our non-protruding base will not tip over nor trip anyone. Full length board allows for adult and little hands to "Express" themselves with easy reach.

WOODSTONE & HARD PLASTIC

Woodstone Desktops offer a whole new level of durability, strength, convenience and value.

Woodstone is a mixture of wood fibers and melamine resin, with a laminate finish –baked at 308°F under high pressure.

Lighter: They are 10% lighter than a Hard Plastic Desktop

Affordable: Woodstone Desktops cost about 18% less than conventional hard plastic.

Reliable: Woodstone exceeds ANSI/BIFMA requirement on 5 rigorous tests!

Hard Plastic desktops are solid plastic manufactured with ground hardwood floor, color pigment and melamine plastic resins blended and compressed under heat and pressure to form a homogeneous top.

Classic & Timeless: An all time classic for schools everywhere.

Resilient: Solid Plastic desktops are resilient, heavy-duty and virtually maintenance free.
