FURNITURE INDUSTRIES

School Furniture Catalog

Create An **Ideal Learning Environment**

With Flexible, Collaborative Classroom Furniture.

Promise & **Philosophy**

Discover Academia Furniture's unique style for the 21st century classroom - **fun, vibrant, colorful, comfortable & versatile.**

Our Promise: To exceed your expectations in innovative classroom furniture by personally and helpfully servicing your every need promptly in a true relationship-based association.

Our philosophy: To provide what we promise, when we promise, at a competitive price.

Environmentally **Conscious**

Earning 100% compliance with the most stringent standards by recognized independent testing agencies, Academia goes further by reducing our environmental footprint and constantly testing to ensure that all products are classroom-safe and kid-friendly (**MAS Certified Green and LEED compliant**).

We Design **Innovative Products**

Making you look good makes us proud. Design, safety, utility, comfort, stability and durability are just the start. Colors, shapes, sizes, finishes, gliding or immobile - the choices abound.

From prestigious public schools to new charter schools, students, teachers and administration are delighted with Academia's quality and versatility. **Let's see how good we can make you look.**

15-Year **Warranty**

Academia Furniture Industries offers the original user a limited fifteen-year warranty against all manufacturing defects in **material and workmanship** from date of purchase.

(Shown in custom laminate White Drops)

Strong Magnetic Connection

Molded Comfort Handles with concealed magnet

Tilted Podium

TOP

Work Surface: 960 Sq. Inches

Tabletop: 1 1/8" fiberboard with high pressure laminate surface. Desk height is 29 1/2".

Pencil Drawer: 21" x 16" featuring compartments for pens and paper clips. This drawer features a ball-bearing suspension.

FRAME

Modesty Panel: 4 3/4" Modesty panel; 18-gauge perforated panel adds design and comfort.

Legs: Tapered 14-gauge steel legs end with casters and a connecting bar for frame strength.

Caster: 3" swivel locking casters.

PODIUM

Frame: Powder coated steel box. The pedestal is 19 1/2" W x 24" D x 43 1/2" H and is outfitted with four 3" swivel locking casters.

Angled Podium Surface: Attached to a steel heavy-duty post with 2 bolts. Angle of the podium top is 12 degrees.

Locking Drawers: Steel locking door houses two shelves; 1 is height adjustable. Locking file drawer is full extension with ball-bearing suspension. It measures 12 1/2" W x 19" D (13" of easy access space) and 9" H.

HIGH PRESSURE LAMINATE EDGE FINISH

T-Mold Standard

The Nate Teacher Station combines sleek design with innovation, featuring locking storage, mobile podium, and adjustable return. Built-in casters, modesty panel, and durable construction offer adaptability and comfort.

Caster Floor Finish Guide

Floor Type	Soft Caster	Hard Caster
Carpet		•
Hardwood	•	
Polished Concrete	•	
Rubber		•
Tile	•	
Vct(Vinyl)		•

Important Note: Please note that casters add 2-3" to the overall height of the item they are being used with. Example: a desk that is 29" without casters, will be 32" with casters.

Hard casters for soft flooring. Soft casters for hard flooring.

Disclaimer: The following information is offered based on our extensive research and testing. This information is recommended as a guide. It is suggested that the customer does their own research to insure that the glide or caster chosen is the proper selection for their flooring.

Woodstone & Hard Plastic

Woodstone Desktops offer a whole new level of durability, strength, convenience and value.

Woodstone is a mixture of wood fibers and melamine resin, with a laminate finish –baked at 308°F under high pressure.

Lighter: They are 10% lighter than a Hard Plastic Desktop

Affordable: Woodstone Desktops cost about 18% less than conventional hard plastic.

Reliable: Woodstone exceeds ANSI/BIFMA requirement on 5 rigorous tests!

Hard Plastic desktops are solid plastic manufactured with ground hardwood floor, color pigment and melamine plastic resins blended and compressed under heat and pressure to form a homogeneous top.

Classic & Timeless: An all time classic for schools everywhere.

Resilient: Solid Plastic desktops are resilient, heavy-duty and virtually maintenance free.

High-Pressure Laminate Edge Finishes

T-MOLD STANDARD

Hydraulically inserted PVC T-Mold edge banding 1/8" thick, bull-nose profile and smooth matte finish.

T-Mold*
(Shown in Primary Red)

X-STRONG OPTIONAL

Sprayed on polyurea, a tough and waterproof textured Epoxy paint, bonded directly onto the table edge, finished with a high lacquer coating.

X-Strong*
(Shown in Tangerine)

PVC 3MM OPTIONAL

3mm thick PVC material applied with heat activated durable adhesive, in a smooth flat matte finish.

PVC 3mm*
(Shown in Aqua)
