SEATING

Seat and Back: Polyurethane foam surrounds a 3/4" plywood frame supported by multiple 1 x 2 wooden pegs.

Floating Arm: Floating arm rest is 4 1/2" wide. There is a heavy gauge metal holding plate that is flush on the outside but securely bolted internally to the wood frame to support the arm rest.

Arm Rest: Arm rest is 6" wide and 20 1/2" tall. Same solid core as seat and back - wooden frame with pegs and polyurethane foam. Flush Power options available.

Textiles: 6 different grade options

Glides: Adjustable 1" glide

Base: 3" powder-coated textured steel base.

Ottoman & RE28-I-LAM

Tabletop: 3/4" laminate top

Edge Banding: Standard T-Mold edge banding with any standard color.

Glides: Adjustable 1" glide

Power: Various power port options available on front of Armrests, Bench sides, or Power Shelf.
