

Standard Series – School Desk with Plastic Bookbox

With its adjustable height and choice of desktops, this desk is sure to enable every student to work comfortably.

This tried-and-true design now features two self-locking screws on each adjustable leg.

A plastic bookbox is as strong and long-lasting as steel yet it is quieter, lighter, rust proof and doesn't have sharp edges.

A unitized frame design for strength; held together by steel tubing and braces; optional U-brace.
