

Kinect Series – Teacher Desk

Connect fluidly with students as Kinect's easy mobility lets you move desk and podium together or separately, with just a touch.

Podium magnetically affixes left, right or stands free. Wide choice of colors in tabletop and band edging.

The most cost-effective way to keep focus where you want it, creating a dynamic class synergy.

Podium features acrylic stopper and key-locked cabinet with 2 shelves and file drawer. All have secure locking casters.

TOP

Work Surface: 960 Sq. Inches

Tabletop: 1½" fiberboard with high pressure laminate surface. Desk height is 29½".

Edge Banding: Hydraulically inserted T-mold edge banding. Standard Black or Gray; available in Color Edge.

Pencil Drawer: 21" × 16" featuring compartments for pens and paper clips. This drawer features a ball-bearing suspension.

FRAME

Modesty Panel: 4¾" Modesty panel; 18-gauge perforated panel adds design and comfort.

Legs: Tapered 14-gauge steel legs end with casters and a connecting bar for frame strength.

Caster: 3" swivel locking casters.

PODIUM

Frame: Powder coated steel box. The pedestal is 19½" W × 24" D × 43½" H and is outfitted with four 3" swivel locking casters.

Angled Podium Surface: Attached to a steel heavy-duty post with 2 bolts. Angle of the podium top is 12 degrees.

Locking Drawers: Steel locking door houses two shelves; 1 is height adjustable. Locking file drawer is full extension with ball-bearing suspension. It measures 12½" W × 19" D (13" of easy access space) and 9" H.
