

**Soft Seating Series**

## Superior Build

- Our gorgeous Soft Seating Series is made of polyurethane foam surrounding a 3/4" plywood frame that is supported by multiple wooden posts. This sits on four 1 1/2" twin wheel casters, or glides.
- Endless color options are available from Momentum Textiles - antibacterial, water-resistant and pen-resistant.

## Re•Group

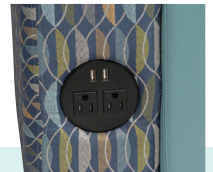

The Re•Group is an exciting addition to the Soft Seating series with every possible component to build your unparalleled dream arrangement. They are built to last, with a solid seat and back that is super comfortable, and features flush internal power options.
